Alpine Town Council August 5th Meeting Recap

The Alpine Town Council met on August 5, 2025, at Town Hall. Key updates included progress on the Town's Master Plan, with a stakeholder meeting scheduled for August 19.

Clerk/Treasurer Chenault reported the Town received a \$60,000 Governor's Infrastructure Matching Funds grant, fully covering the local match for the Safe Streets for All transportation master plan project. She thanked Lincoln County's grant coordinator Mary and Assistant Clerk Sarah Greenwald for their work on the successful application.

Public Works reported completion of the Town's portion of the radio-read water meter project, with interior installations to begin August 18, and provided updates on the pretreatment plant and Civic Center lighting retrofit.

Council approved several resolutions, including:

- **America 250 Grant Program** application for a long-term cultural project.
- **Civic Center Lighting Retrofit** to improve lighting quality and energy efficiency.
- **Budget amendment** for wastewater pretreatment facility planning.
- **Level III funding application** to connect Well No. 4 ("mega well") to the water system.
- **Emergency Action Planning Committee** appointments.
- **Emergency budget increase** for wastewater mixer replacement.

The meeting concluded after an executive session with no action taken. The next regular council meeting is scheduled for August 19, 2025.
